## The Frat Chat

They call it The Frat Chat, but the fraternity guys all know that's only a cover story, an attempt to convince the uninformed that it's all about cultured conversation. It's a blatant lie to hide what really happens up on the frat house's third floor—nothing illegal but nothing moral either.

Amos, 45, is new to the college town. He took a professor's job there after relocating to be with his fiancée, Lenore, who is also 45 and has lived there all of her life. And things were almost moving along for them, mostly at a boring pace, and without any exciting changes in sight.

Until they both ended up at The Frat Chat. And that one wild evening changed their lives forever.
