The Frat Chat 2

No Frats. Less Chats. 2 Too Much Anyway . . .

The Frat Chat has come and gone, and Laura, Lenore's look-alike best friend, has been invited to be the star attraction at another kind of party, one much more sinister and demanding.

Lenore, still engaged to Amos, is starving for thrills. When Laura suggests that Lenore take her place at what they call the Frat Chat 2, Lenore is hesitant. But her lusty promiscuity in just interviewing for the event leaves her blackmailed by nearly everyone.

Amos was invited to the same party but not for the same reasons. He's poised for a promotion at the university, and he'll be the guest of honor. With everyone wearing masks, he doesn't know that the beauty there for bawdy fun is Lenore, and she doesn't know that the one she'll be offered to for the grand finale is Amos.

And the intense fire that consumes them both leaves them admitting to themselves what dark hungers they have
